## PANORAMA

JULY 2025 EDITION

*Reach Out  
Reach High  
Reach Beyond*

### Message from the Editorial Board

This month has been a vibrant celebration of talent, teamwork, and tenacity across the NPS Jalahalli campus. Our students have continued to make us proud by winning numerous accolades in various arenas—be it through persuasive debating, innovative problem-solving, sharp analytical thinking, or seamless collaboration. From intellectually stimulating competitions to high-energy performances in sports like volleyball and taekwondo, the spectrum of excellence has been truly inspiring.

We were also thrilled to witness the dynamic launch of several student-led clubs this month. These platforms have not only sparked creativity and curiosity but have also fostered leadership and initiative among our learners.

The overwhelming number of contributions we received for this edition is both heartening and humbling. Each article, poem, sketch, and photograph stands as a testament to the passion and potential that thrive in our community. Your enthusiasm is deeply appreciated, and we look forward to even more diverse voices and perspectives in the editions to come.

Here's to learning, growing, and celebrating together—one edition at a time.

# LET THE CLUBS BEGIN!

## Clubs are officially live!

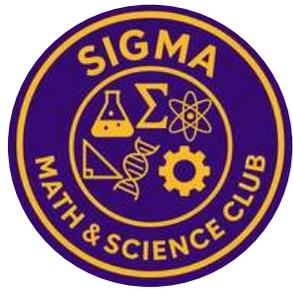

An exciting new chapter begins as we launch a range of clubs designed to spark creativity, collaboration, and passion beyond the classroom.

This initiative, led by our School Captains Arnav AK and Aakruti Patil, invites every student to dive in, discover, and do more.

Find your club. Find your spark.

# FIELD TRIPS

*From museums to farms, each trip brought lessons to life in fun and engaging ways. Students explored, discovered, and learned beyond the four walls of their classrooms.*

## ORPHANAGE: COMPASSION IN ACTION

On July 5th, as part of a meaningful outreach activity, the students of Grade 9 visited a local orphanage and spent quality time with the children. They sang songs, interacted warmly, and engaged in light performances that brought joy to everyone present. The visit was a touching experience that helped students develop empathy and understand the importance of giving back to the community. It was a memorable day for both the students and the children at the orphanage.

## LEARNING THROUGH STAR BAZAR

Grade 2 students went on an exciting visit to Star Bazar, where they observed how a supermarket works—from product arrangement to billing. It was a fun and practical way for them to understand everyday shopping, money handling, and how goods reach homes.

## GREEN LESSONS AT GKVK

Students of Grade 3 explored the GKVK Agricultural Museum, which displayed various models of crops, traditional tools, and farming techniques. The visit helped them connect with rural life and understand the importance of agriculture in our daily lives.

## WHEELS OF TIME: HMT HERITAGE MUSEUM

Grade 4 students visited the HMT Heritage Centre and Museum, known for its historic collection of watches, machines, and tools. They got a glimpse into India's industrial journey and learned about the evolution of technology and engineering.

## IIHR ICAR: CULTIVATING TOMORROW

Grade 6 students toured IIHR ICAR, Hessaraghatta, a leading horticulture research centre. They learned about scientific farming, plant breeding, and sustainable agriculture, making the trip an inspiring and educational experience.

## BANGALORE PALACE

On their visit to the Bangalore Palace, Grade 5 students were amazed by the grand architecture, royal interiors, and historical artefacts. The trip offered a wonderful experience of Karnataka's royal heritage and its cultural richness.

## FRENCH DAY

On Monday, 28th July, students celebrated French Day with a vibrant, student-led assembly featuring a French-themed fashion show, a speech on the value of learning languages, and lively performances showcasing French culture through songs, skits, and fun facts.

## CCA-Best Out Of Waste

An engaging activity was held on Friday where students from all grades created crafts using waste materials. This hands-on experience taught them the value of reusing and reducing waste, while sparking creativity and environmental awareness.

## NPSJ ON AIR

NPSJ on AIR, our first-ever school radio, wrapped up its final episode with RJs Lakshya and Aryan at the mic. The concluding show featured school updates, a student interview with our Literary Captain, Michelle Sarah Paul, fun banter, and music that kept everyone engaged. A radio show for the students, by the students—thank you for tuning in throughout the journey!

# PRE-SCHOOL HUB

## NUTRITION WEEK

Our tiny tots took part in Nutrition Week with enthusiasm and curiosity! Through fun activities, colorful visuals, and playful learning, they began exploring the importance of healthy eating. From fruits and veggies to happy habits, it was a joyful week focused on building strong foundations for a healthy future.

## OUR WONDER WORLD

Our young learners explored concepts through puzzles and hands-on activities, turning curiosity into joyful discovery.

## RED DAY

Red Day was a joyful celebration, with children dressed in bright red enjoying fun activities together.

## HEALTHY HABITS, HEALTHY LIFE

Eager young learners participated in an engaging Healthy Habits, Healthy Life session, where they learned about cleanliness, nutritious food, and daily routines. With colourful visuals and simple discussions, the activity encouraged thoughtful learning and gentle habit-building.

## WORLD ENVIRONMENT DAY

To celebrate World Environment Day, our Pre-Primary students took part in simple yet meaningful activities to show love for nature. They planted saplings, made leaf art, and learned about keeping Earth clean through songs and stories. It was heartwarming to see our young learners take their first steps toward becoming eco-warriors!

## WILL IT SINK OR WILL IT FLOAT?

The little ones had a splash of fun exploring science through the "Will it Sink or Float?" activity, sparking curiosity with every drop!

## DENTAL CHECKUP

Our preschoolers had an on-campus dental check-up where friendly professionals made learning about oral hygiene fun and easy. It was a simple step toward building healthy habits and happy smiles!

Grades 3-4: "If I Had A Superpower "

If I had a superpower, I would want the power to fly. I could fly high above the clouds like a bird. I would visit new places and help people in need. If someone was stuck or hurt, I would fly fast to rescue them. I would also fly to school. So I would never be late. Flying would be so much fun. I could see mountains, oceans, and forests from the sky. I would always use my power to do good things and make people happy. Having a superpower would be exciting and full of adventure!

**My Super Power**

If I had a super power,  
I'd fly so high and free,  
Spread kindness every  
hour,  
Help everyone I see,  
And make the world  
happy as can be.

Grades 5 - 6: No Rules: Boon or Bane

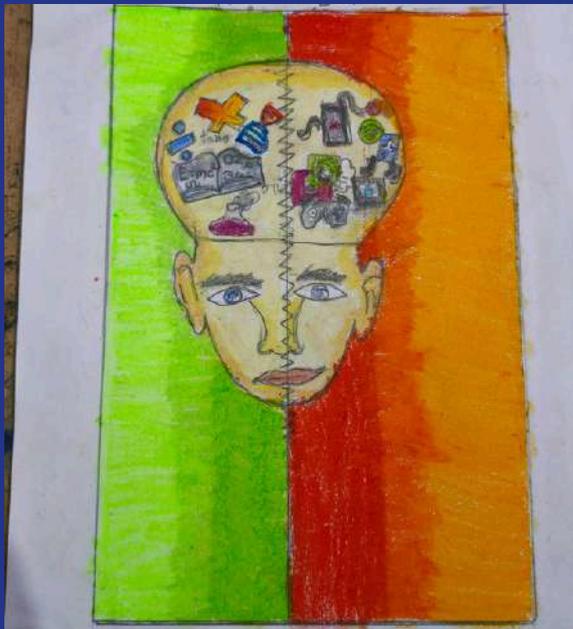

Imagine a world with no rules!

Sound super fun, right? You could eat ice-cream for breakfast, stay up all night and never clean your room.

This might seem like a boon, which means really good thing at first.

But what happens next? If there are no rules for crossing the street, cars might not stop. If no one has to share, playtime could turn into a fight. Soon, that fun world might become messy, unsafe. Bane, which means something causes trouble. So even sometimes rules can be annoying, they actually help us stay safe, fair, and happy when we're all together.

**Pratheek N**  
Grade 5B

**K Daiwik Reddy - 5D**

No rules to bind the soul,  
unchained — a dream set loose  
in boundless skies.  
But soon we crash  
where chaos reigns — a  
world undone by freedom's  
lies.

Grades 7–11: The Cost of Being Connected

## The Cost of Being Connected

We live in a world where staying connected is easier than ever. One message, one emoji, one story and you're in touch. But sometimes, we forget to check what we're actually connecting to. Are we connecting to people or just to screens? Are we connecting to conversations or just keeping streaks alive? Are we becoming more ourselves or slowly shifting to "fit in" with the group chat?

Sometimes, the pressure to blend in makes us laugh when we're uncomfortable or stay silent when we want to speak up. A tiny mistake in class becomes a running joke. A peer's mispronunciation turns into a group meme. And while it may seem harmless, slowly, these "connections" start costing us confidence, individuality and peace of mind.

Connection should mean support, not stress. It should mean listening, not judging. The strongest bonds aren't built on filters or flawless replies, but on kindness, respect and space to be imperfect.

As students, let's not just stay connected. Let's stay genuinely present. Because the real cost of connection should never be ourselves.

**Virika Garg**

Class - 10A

We scroll and swipe through  
day and night,  
While moments slowly drift  
away.

A ping, a buzz – we look  
again,  
Our eyes now lit, our hearts  
in pain.

Likes are gained, but  
feelings hurt,  
As reels go by, minds filled  
with dirt.

With every swipe and  
tapping lie,  
We miss the world as life  
goes by.
